Alert Message – April 22, 2020 3:30pm

Good afternoon,

This is Dr. Sandra Carter, Superintendent of Caswell County Schools. It is Wednesday afternoon, April 22<sup>nd</sup> at approximately 3:30pm. The purpose of this message is to share the Caswell County Schools Emergency Remote Learning Plan with students and parents. As you know, our teachers and staff have been working diligently over the past months to put instructional practices in place to ensure our students have continued instruction during this time of crisis. I applaud our staff for their work and I would also like to applaud our students for their continued efforts in learning as well as thank parents for your support of our teachers and staff during this time.

The Remote Learning Plan provides an outline of where we are currently at in terms of expectations and grading. Please know that at this time, we are waiting on additional guidance from the North Carolina Department of Public Instruction. Therefore, we may not have answers to all your questions. My understanding is that the State Board will be providing additional guidance on K-8 learning over the upcoming week. A copy of the CCS Remote Learning Plan can be located on the Caswell County Schools district website as well as on each school's website. If you do not have internet access to review the plan, please contact your child's school and a plan will be mailed to you.

Again, I appreciate your patience, support and partnership during this national crisis.

Thank you,  
Dr. Sandra Carter  
Superintendent
