## CHOICES Program

Caswell County Schools will make available the district's **CHOICES** Education, Awareness, Prevention, and Intervention Program aimed at addressing issues associated with decision making, making good choices, and other specific behaviors resulting in possible disciplinary referrals as outlined in the Caswell County Schools Student Code of Conduct.

The elementary **CHOICES** Program consists of six (6) learning modules addressing the following components:

1. Student Self-Assessment
2. Setting and Achieving Goals
3. Social Skills Training
4. Coping Skills Training
5. Managing Anger
6. Asking for Help

Students will attend the CHOICES Program after school and students must successfully attend, actively participate, and complete all required work and assessments associated with the **CHOICES** Program
